"Search for Happiness" Series Brochure

Herald of Truth
The search for happiness. It directs our footsteps, colors our thinking, molds our character. Yet too often, it is doomed from the outset, for it takes no awareness of Christ.

Look about you. In a country that is considered the most advanced and most civilized in human history—violence, hatred, immorality, looting, burning, pillaging. These are scenes which are being repeated everywhere man dwells.

What is the answer? Is there an answer? Join the search for truth and direction. It starts Monday night at 7:30 p.m., April 14, on KSWO-TV.

In 1967, the search for happiness... without Christ... lead to these tragic detours

- 85 deaths in race rioting
- Over 53,000 teen-age deaths in auto accidents
- Over 60,000 reported cases of drug addiction
- 46% increase in the serious crime rate
- Nearly 500,000 divorces
- Over 25,000 suicides
