About this collection

Title: Subject Vertical File

Creator: Center for Restoration Studies

Identifier/Call Number: REST--VF--Subj

Physical Description: One four-drawer filing cabinets

Dates (Inclusive): 1950s-2019

Dates (Bulk): 1970-2010

Location: Center for Restoration Studies

Language of Materials: English

Scope and Content Note: This file set preserves gathered information on topics relevant to the study of Stone-Campbell history and thought. The file set includes clippings, articles, references, bibliographic material and research leads.

ACU Library staff began this set of files in the 1980s. It complements four similar sets of vertical files, all housed as part of the collections of Center for Restoration Studies: Biographical Files, Congregational, World Churches Files, and Organizational Files.

In 2017-2018 arrangement and order was improved by removing and cataloging many published tracts and pamphlets. Some non-Stone-Campbell-related files were discovered in this process and were weeded from the collection. Many of the files were refoldered and the entire set was relabeled and an inventory created.
