Book Review: CAT VS. VAC

The house is quiet, and all the pets are sleeping soundly until a knock on the door and a mysterious box is delivered. All the pets are awake and curious about what is in the big box. When the box is opened, it reveals a vacuum, and this is upsetting to the pets. The vacuum is a stranger, and it must go!

The text is simple, and the illustrations are bold and colorful. Young readers will want to read how the pets take care of the vacuum.
