Dec. 7, 1912.

Mr. Isaac E. Tackett, President,
Sabinal Christian College,
Sabinal, Texas.

Dear Bro. Tackett:-

Your interesting letter to Bro. Larimore was duly received. The proposition you out-line in reference to the agricultural feature of the College strikes a popular chord with the Trustees of Dixieland College. We have the land, the healthful climate, the water and the location, and the Trustees are favorable to the proposition of establishing an agricultural department in the College. At this time, however, nothing definite can be determined, but from what we can learn of you and your work it is very likely that you would be the man for the place, and we trust that in your meeting to be held as stated about Christmas, to decide something in reference to location for your agricultural college that you people will decide to consider the possibilities of combining your efforts with us in this matter in Dixieland Park, and we earnestly request that you seriously consider the advisability of this location.

I am sending under separate cover final prospectus, which will give some more information in reference to our property here.

Yours fraternally,

Business Editor.
