Dear Bro. Robinson,

New Orleans, July 23rd, 1892

Your kind and interesting letter duly received. I was glad to hear from you and the favorable future you contemplate hope it may be consummated in tangible form. Glad to learn the work is going to locate at St. Mary's, she will be a power in your midst and the growth of the Church will be accelerated as it did at the Smith Asylum. When you are there I hope the enterprise undertaken will be fully realized and much good result from it. We have raised nearly money to pay off the Church debt about $1800 has been secured and about $1500 more will write it out. I have been quite for the past month in hospitals but am alright now. Thank the Lord give best wishes for success to all and hope to see you all again let me know No. 932 Julia st., M.O.
