also is a very fine gardener. When the
school opens up there will there be an
opening for a small store. I might

arrange to open a little business if
the prospects are good. Will the settlement
around the school grounds be very thickly
settled. Any information you can
give me will be highly appreciated.

I also would like to have the price
per acre for farm lands, or lands
close in for truck farming and do
you think truck farming & poultry
raising a profitable business there.

Yours very truly
