May 30th, 1913.

Mr. J. P. J. Watson,
LaPine, Alabama, U.S.A.

Dear Bro. Watson:-

Yours of the 28th inst. is rec'd and noted. For the present we have withdrawn all the lots and lands from the market, and I cannot say that they will ever be put on the market again. This is fine property, and located about $1\frac{1}{2}$ miles from the present Church House, and the same from R. R. Station, perhaps little nearer to the A. C. L. station, but further to the S.A.L. Depot. The five acre lots were \$1000.00 each. But as stated we have taken the land off the market until we can see further as to whether or not we will get the College Built. We will not know now until next Fall whether we can proceed with the building. If then we decide to proceed with the business we will place the lands on the market again, at the same price we presume.

This property is located within one-half mile of the University of Fla., there being a strip of land $\frac{1}{2}$ mi. wide between it and the U. of F. The lots that we sold were sold to good and desirable members of the Church, and we have and will again try to sell to only desirable people. True and loyal brethren.

Of course, if you would like to come down and look over the country here we would be glad to have you do so, and you may become interested in other properties, as there is some good places here, and you could come and look it over and see for yourself what you would like to buy. The truck farms produce from nothing per acre to as high as \$500. in one year according to crops, prices, etc. There is more in the land, however, but the land is good. Look it over. Yours sincerely,
