Dear Sir + Bro.

I should have written you sooner I fear I have put you to some unnecessary trouble.

We started south Nov. 1 and stopped at Tracy City with my brother J. D. Northcut. I aimed to stay with him two days but coming through the cool atmosphere to his home gave me a very severe attack of Asthma and I decided to start on the next morning Nov. 2.

I bought our tickets by your place but when we got to Jacksonville I found it very cool and decided I better come on and go back by Gainesville in the spring or make a special trip then.

I was disappointed not to come by, as I promised. I had been almost confined to my room at home for three weeks before I started otherwise I could have been stronger.

One thing - if I still get better as I did last winter I will have to come here to stay, and I am very much interested in finding the best locality

for the whole family.

I like your schools, and the morality of Gainesville and good prospect for good church work there. I want to come and see how I like it. All I fear is the few frosts and high prices of land. It is too high all over the state any where near the towns.

I received your letter you wrote me at Northville, - since I came here.

You might write me when you think would be the best time to come. I expect to have to stay close from Christmas to February on account of my wife - you know the why or can guess.

Well I appreciate the interest
