Mr. B. R. Colson
Gainesville Fla.

Dear Sir & Bro.:-

The advance prospectus of Our Florida Friend was a glad surprise to me and was received with much pleasure. I feel that our state should appreciate such a journal and that the brotherhood should welcome it as a blessing to the church. I fully indorse every word of its declaration of purposes and will do all I can to make it a success. We have been needing just such a work for years in our state and it seems a special act of God to have such devoted Christians and educators as Brother Lurimore and his wife take the responsibility of establishing a school and a journal upon the principles set forth in the initiative of this essential work. I hope every citizen in Florida and else where will learn of this move and give it their support.

My wife and I were raised in Tenn., went to school at Burrill College. Brother Lurimore's present wife was one of the teachers when we were there, she may remember us. I visited Brother Lurimore's school at Mrs. Lee

Dear Sir + Bro:-

The advance prospectus of Our Florida Friend was a glad surprise to me and was received with much pleasure. I feel that our state should appreciate such a journal and that the brother hood should welcome it as a blessing to the church. I fully indorse every word of its declaration of purposes and will do all I can to make it a success. We have been needing just such a work for years in our state and it seems a special act of God to have such devoted Christians and educators as brother Larimore and his wife take the responsibility of establishing a school and a journal upon the principles set forth in the initiative of this essential work. I hope every citizen in Florida and else where will learn of this move and give it their support.

My wife and I were raised in Tenn., went to school at Burritt College. Brother Larimore's present wife was one of the teachers when we were there, she may remember us. I visited Brother Larimore's school at Mars Hill

Ala. It was certainly an ideal school, and its influence for good still lives and will live for ages to come. Brother Lamine is no "make like" educator, he believes in thorough work, he believes in teaching young men and women how to be strong mentally, physically, morally and spiritually and what can be said of him can be said of his wife. Of the Church and friends of Florida will give their support to this noble work they will one day rejoice because of its wonderful influence for good.

We have been living in this state for about twenty-seven years; we are in full sympathy with its laws and institutions. We rank among the best teachers in Sumter County. We have taught for twenty years in this County. We quit teaching three years ago. I own and operate a farm near Bushnell. We have tried to do our part in sustaining the Church at this place. We are not pleased with the educational advantages here. I am so well pleased with the prospects at Gainesville that I have concluded to make a thorough investigation of the situation and propositions of the Dixieland Park Colony. I have one boy fifteen years old that needs to be in just such a school as the Dixieland College. I would like to know all about the

prices and terms of the lots for sale. Send all descriptive literature you may have, such as maps, plat's &c. & may pay you a visit in the near future. If we see it would be a good investment and that the enterprise is destined to be a success, we may buy a lot or two, and become citizens of your town and help to carry on the good work.

Put me down a subscriber to ~~the~~ Our Florida Friend and a well wisher to Dixie Land College. I will give you some of my ideas of building up the Church in Fla. some time in the future.

Yours very truly,

L. L. Sutton

Please call Bro. Hester Larimore's attention to this letter.
