## Book Review: SPREAD YOUR WINGS

This book has a lot of potential. It teaches not only about birds growing up and flying away on their own but also about kids themselves growing up and leaving home. Mothers are always waiting for them with hearts full of love whenever they want to come back home. It is fairly short and simple but has excellent discussion points. And of course, it's in rhyme. The cockatoos are simplistic but effective for this little book.
