Nov. 13th, 1912.

Rev. T.B. Larrimore, Pres.,
Dixieland College,
Gainesville, Florida.

Reverend Sir:-

It has been reported to us that you are connected with a new college to be erected in Gainesville, Florida, under the name of the Dixieland College, and we are writing to learn as to the accuracy of this report. No doubt when the buildings are completed you will be interested in modern school equipment and, being the leaders in the manufacture of such furniture, we are in a position to offer the highest grade school furniture on the market.

Your particular attention is called to the enclosed circular illustrating and describing our line of Sanitary Steel Desks, which are now being used in seventy-five percent of the schools throughout the country.

Any time convenient to you it will be a pleasure to arrange for a demonstration of these and other desks of our manufacture and would thank you to let us know how soon the question of equipment will receive definite consideration.

Yours very truly,

AMERICAN SEATING COMPANY.
J. W. Blackwell
