Dear Sir:--

We have information that you are going to build a College at Gainesville called the Dixieland College.

We are in the building material business, and we enclose you booklet showing the various materials we handle, and would appreciate it if you would give us the name of the contractor, also state whether you are going to use a Metal Roof or Composition Roof.

We enclose you stamped envelope, and would thank you for reply.

Yours very truly,

BAKER & HOLMES COMPANY.
