The Von Duprin Self-Releasing Fire Exit Latch

Suitable for Active Door of Double Doors

WITH MORTISE CYLINDER LOCK FOR DOOR OPENING OUTWARD

Burglar Proof Auxiliary Dead-Locking Latch Bolt. Impossible to Pick. No Intricate Lock Parts. Has Horizontal (or Side) Latching Feature. Designed for School House, Church, Public Building Entrance and Exit, Auditorium or Assembly Hall Corridor Door. Made With Outside Dead-Locking and Unlatching Feature

Furnished regularly with sectional grip and thumb piece or knob and escutcheon on outside of door; latch operated from outside in same manner as any ordinary thumb latch or lock device. Featured to unlatch latch bolt from inside by touch against bar at any point, even though deadlocked from outside, at the same time permitting door to be opened outward. Latch bolts can be dogged by key.

Open Strike for Nos. 724 Aux. and 722 Aux.
