Preface

Brethren have expressed the need for several years for a new directory of churches of Christ in the Northeastern United States. With Brother W. E. (Bill) Kirk as editor, a similar directory was published in 1960, but growth and changes have added churches and pages to this directory.

Two years ago Brother James Grots researched and typed the basis for this book, and we appreciate his time and effort. Then within the past few months all the material has been updated. We know that there is information missing either through not hearing from churches or growth that has occurred since hearing. We also know that there are areas in which the directory is not complete, but beg your understanding since it is impossible to obtain all the information when you do not live or remain in constant contact with all sections of the area. If there are corrections please send them to the offices of NORTH AMERICAN CHRISTIAN magazine.

We are grateful for the information supplied by the churches and the typing and technical assistance supplied by Dennis and June Kelly of Bible School Publications and the 128 Church of Christ in Burlington, Massachusetts.

It is our desire that this directory serve as a real aid to the travelling Christian, the church in its association with the brotherhood, and as an indication of the work and growth being done in the Lord's cause. May it contribute in a way that will bring honor and glory to Him whom we serve.
