# Special Thanks

I want to thank my teachers at ACU for my personal growth as a musician. I don't think I would have progressed the way I have if I didn't have their support.

I would like to thank Allen Teel for being an outstanding mentor and friend. I know that I have achieved as much as I have because of his teaching and I am thankful for the opportunities to always learn and reflect.

I want to thank my family for their unconditional love and support throughout the years. They have been there for me since I decided to come to ACU and have definitely helped me get to where I am today.

Thank you to my friends for always showing me how blessed I am to have come to this school and make music with all of you. I feel as though I have been shaped by my experiences with you. I couldn't ask for a closer knit group of people.
