INTRODUCTION

The 1967 Directory is made possible by hundreds of interested correspondents around the world and by the churches (mostly overseas) and individuals who support it financially. In order that this completely revised, twenty-thousand copy, 1967 edition might be published in time for the tourist season, Nashville's Chapel Avenue church has paid the $1,000 printing bill and is supplying all the clerical help to prepare this edition for mailing. (Contributions received throughout the year will be applied toward assisting Chapel Avenue with printing and postage costs.) Costs have been kept very low each year because, from the beginning, all secretarial work has been donated.

Finding the church in a foreign land is sometimes a problem, especially if there is a language barrier, but with a copy of the directory the traveler has the address and times of meeting of the church in each city. And if he needs further assistance in finding the church, he also has the name and telephone number of a member of the congregation who is eager to help.

The new directory lists about five hundred churches in about one hundred geographical areas on all continents. This number is only a small fraction of the total number of churches of Christ outside the United States. We know of about two thousand, and we have no idea how many others there are of which we have no knowledge. We have listed only four contacts in Nigeria, for example, where there are more than 600 congregations. These contacts, however, can supply more detailed information to the traveler.

The listings chosen for the 1967 Directory were selected with one goal constantly in mind: to be most helpful to tourists, servicemen, and businessmen as they move throughout the world. In those areas where more servicemen are stationed or where more civilians travel, the church listings are more numerous.

We believe the directory will circulate most effectively if it is kept economical and if it remains available free of charge to all who request it.

Please continue to send information concerning overseas congregations of which you know. Only in this way, by depending upon information from many sources, can the directory be kept reliable.

It is hoped that this directory will be used by many travelers as an aid in locating places of worship, and it is hoped that none will use it to impose upon the hospitality of the contacts listed herein, whether those contacts be citizens of the country, American servicemen, or missionary families. If you wish to spend an hour or two visiting with these brethren, it would be considerate of you to invite them to have dinner with you at some nice restaurant in the city, if such facilities are available. In this way there can be a most pleasant visit without anyone's being burdened. Many are already doing this when they travel. Why not you, too, this year?

JAMES R. MCGILL
